Astutis Managing Contractors IIRSM Approved

Astutis.

Learning Method: Virtual Classroom / Classroom

Course Overview

Managing Contractors teaches learners the techniques and methods of assessing, selecting, planning, monitoring and reviewing competent contactors.
The course meets the requirements for managing contractors in accordance with HSG 159 and INDG 368.

Who is the course for?

Those with the responsibility of procuring, appointing or managing contactors.

Benefits for Employers

▶ Accidents to contractors can result in substantial costs for a company in terms of property damage and lost time. Making sure staff have the ability to correctly manage contractors can reduce the risk of accidents and avoid the potential for these loses.

▶ Contractors are often employed to manage potentially unsafe work. By following the procedures in the course you can be confident that the right contractor will be selected for the job and managed correctly.
